Magnuson Group Rap Rak™ Floor Racks

Rap Rak floor racks are extremely versatile. The secret lies in the third hanger rod located in the center of the unit, which allows it to be used with a single row of hangers on the center rod, or with two rows of hangers, on either side for maximum capacity. Constructed of sturdy 2½" x 1" x 18 gauge powder coated steel. Vinyl coated steel grid shelves are strong and rust-proof. Units are 4' long and are available in 48" junior height or 60" adult height. Optional KSF hook rails feature three prong vinyl coated steel hooks, ideal for elementary applications. Hook rails come in pairs, 10 hooks total (30 coat capacity). Optional CST4 2" twin wheel casters for easy movement. All models accommodate slotted molded hangers or conventional open hook hangers. Hangers and hook units sold separately. Available in Sandstone, Medium Grey and Black. See previous page for samples.
